UNLESS OTHERWISE EXPRESSLY AGREED IN WRITING, THE PURCHASE ORDER IS SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

1. **Offer and Acceptance**: The Purchase Order is an offer by the Santa Clara Valley Water District ("District") to enter into a contract; and any of the following acts constitute Contractor's acceptance of the Purchase Order and all terms and conditions stated therein: (a) Contractor's commencement of work or (b) Contractor's acceptance of any payment from District.

2. **Prices**: All rates and/or prices itemized in the Purchase Order are firm and not subject to escalation unless so stated on the face of the Purchase Order. Contractor represents and warrants that all rates and/or prices itemized in the Purchase Order are at least as low as those currently being quoted by Contractor to commercial or government users for the same work of similar scope under similar circumstances.

3. **Taxes**: This purchase is subject to all applicable California sales and use taxes.

4. **Terms of Payment**: Full payment shall be made within thirty (30) days from the date of receipt of invoice or acceptance of work, whichever occurs last. If District is entitled to a cash discount, the period of computation shall commence on the date of receipt of invoice or acceptance of work by District, whichever occurs last. Partial payments may be made with District's concurrence at no less than monthly intervals. District shall endeavor to pay each invoice within thirty (30) days, but shall not be responsible to Contractor for additional charges, interest or penalties due to failure to pay within that period.

5. **Time for Performance**: Time is of the essence in the performance of the Purchase Order. If service cannot be performed at the specified time, Contractor shall promptly notify District of the earliest possible date for performance of the service. Notwithstanding such notice, if Contractor, for any reason whatsoever, fails to perform the work within the time specified, District may terminate the Purchase Order or any part thereof without liability except for work previously performed and accepted.

6. **Receipt of Contractor Equipment and Supplies**: When the work or service to be performed by the Contractor requires the shipment of special equipment or supplies owned by Contractor, said equipment and supplies necessary to provide Contractor services shall be delivered to the Winfield Warehouse. The Contractor must provide written notice to the Purchasing, Consultant Contracts, and Warehouse Services Manager and the District Project Manager at least five (5) days prior to the expected delivery date. The special equipment and supplies must be identified with the following information: the Project Name, the Contractor Name, and must boldly and vividly be marked "TO BE OPENED BY CONTRACTOR".

   The District shall designate an area for storage of the equipment and supplies, but makes no guarantee regarding the condition of the designated storage area. Furthermore, District staff shall only be responsible for directing Contractor's transportation service to the designated storage area. Contractor's transportation service shall be responsible for actual physical drop off of the equipment and supplies at the designated storage area. District assumes no responsibility for the receipt and storage of Contractor's equipment and supplies. Contractor shall assume all risk for the delivery of their equipment and supplies to the Winfield Warehouse and any subsequent necessary care required to preserve the integrity of the equipment or supplies. Contractor shall be liable for any personal injury or property damage arising from or resulting from the receipt and storage of the Contractor's equipment and supplies on the District's facility. The delivery and storage of equipment and supplies is deemed a part of the Contractor's performance of services.

7. **Warranty**: Contractor warrants that the work performed under the Purchase Order complies with all specifications and that workmanship and materials are free from defects. If any portion of the work has not been completely described in the Purchase Order, it shall comply with nationally recognized codes and established industry standards. Contractor agrees that the aforementioned warranties shall be in addition to any warranties provided by law or offered by Contractor. In addition to any other right District may have, if any work is found not to be in compliance with specifications or if workmanship and/or materials are found to be defective within ninety (90) days after the conclusion of performance of the work, Contractor shall, at District's

DocuSign Envelope ID: FFD3459C-AEE3-418B-8DC0-5F6E926EE32F

option, either refund to District the amount paid for the work or perform the work again in a proper manner to the extent necessary to provide District with the result originally contemplated.

8. **Independent Contractor Status**: Contractor is acting as an independent contractor in performing the work required by the Purchase Order and is not an agent or employee of District. Nothing in the Purchase Order shall be interpreted or construed as creating or establishing the relationship of employer and employee between District and Contractor. Contractor is responsible for paying all required state and federal taxes.

9. **Use of Subcontractors**: Contractor shall perform the work with its own employees under its immediate supervision and shall not subcontract any portion of the work unless approved by District in advance in writing.

10. **Equal Opportunity Requirements**
The Santa Clara Valley Water District is an equal opportunity employer and requires its contractors to have and adhere to a policy of equal opportunity and non-discrimination. In the performance of the Contract, the Contractor will comply with all applicable federal, state, local laws and regulations, and will not discriminate against any subcontractor, employee, or applicant for employment, in the recruitment, selection for training including apprenticeship, hiring, employment, utilization, promotion, layoff rates of pay, or other forms of compensation, or against any other person, on the basis of age (40 and over), ancestry, color, religious creed (including religious dress and grooming practices), disability (mental and physical) including HIV and AIDS, marital status, medical condition (cancer and genetic characteristics), genetic information, military and veteran status, national origin (including language use restrictions), race, sex (which includes pregnancy, childbirth, breastfeeding and medical conditions related to pregnancy, childbirth or breastfeeding), gender, gender identity and gender expression, and sexual orientation. The Contractor's policy must conform with applicable state and federal guidelines including the Federal Equal Opportunity Clause, "Section 60-1.4 of Title 41, Part 60 of the Code of Federal Regulations," Title VII of the Civil Rights Act of 1964 as amended; the American's with Disabilities Act of 1990; the Rehabilitation Act of 1973 (Sections 503 and 504); California Fair Employment and Housing Act (Government Code Section 12900 et. Seq.); California Labor Code Sections 1101 and 1102.

11. **Compliance with Laws**: (a) Contractor shall comply with all applicable governmental laws, ordinances, codes, rules, regulations, programs, plans, and orders in the performance of work under the Purchase Order. (b) Contractor shall obtain and maintain throughout the life of the Purchase Order all permits and licenses required in connection with the work to be performed and shall provide copies of such permits and licenses to District, upon request.

12. **Extra or Additional Work and Changes**: Contractor shall perform no extra or additional work or alter or deviate from the work specified in the Purchase Order unless agreed in writing by District. Extra work to which District has not agreed in advance in writing will not be compensated by District.

13. **Change Orders**: District shall have the right to revoke, amend, or modify the Purchase Order at any time by issuance of a written Change Order. No verbal revocations, amendments or modifications shall be held binding on District; and District is not required to compensate Contractor for services not authorized in advance by written Change Order. Contractor's receipt of District's written Change Order without response received by District within ten (10) days or Contractor's performance of work reflecting the change, whichever occurs first, shall constitute Contractor's acceptance of the change without any price or other adjustment.

14. **Indemnification**: Contractor shall indemnify, defend and hold harmless District and its officers, officials, employees and volunteers from and against all claims, damages, losses and expenses, including attorney fees, arising out of the performance of the services described in the Purchase Order, caused in whole or in part by any negligent act or omission of Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, except where caused by the active negligence, sole negligence, or willful misconduct of District.

15. **Assignment**: Contractor shall not delegate or subcontract any duties or assign any rights or claims under the Purchase Order without District's prior written consent.

16. **Termination**: The Purchase Order may be terminated by mutual consent of both parties or by District at its discretion. District may cancel the Purchase Order at any time with written notice to Contractor, stating the extent and effective date of termination. Upon receipt of this written notice, Contractor shall stop performance

DocuSign Envelope ID: FFD3459C-AEE3-418B-8DC0-5F6E926EE32F

under the Purchase Order as directed by District. If the Purchase Order is so terminated, Contractor shall be paid in accordance with the terms of the Purchase Order for work performed and accepted.

17. **Breach of Contract**: Should Contractor breach any of the provisions of the Purchase Order, District reserves the right to cancel the Purchase Order upon written notice to Contractor and obtain such services from another source. If a greater price than that named in the Purchase Order is paid for such services, the excess price shall be charged to and collected from the Contractor.

18. **Governing Law; Public Records**: The Purchase Order shall be governed by and construed in accordance with the laws of the State of California as interpreted by the California courts, and any litigation arising out of the Purchase Order shall be conducted in the courts of the State of California. California law requires that the contents of the Purchase Order be open to inspection and copying by the public.

19. **Force Majeure**: Neither party to the Purchase Order shall be held responsible for delay or default caused by fire, riot, acts of God, and/or war which is beyond that party's reasonable control. District may terminate the Purchase Order upon written notice after determining such delay or default will reasonably prevent successful performance of the Purchase Order.

20. **Entire Agreement**: The Purchase Order, which includes any and all additional documents incorporated therein by reference, sets forth the entire agreement between Contractor and District with respect to performance of the work.

21. **Exceptions to District's Terms and Conditions**: If Contractor objects to any term or condition set forth in the Purchase Order, this objection must be in writing and received by District's buyer identified on the Purchase Order prior to Contractor's commencement of the work. Notwithstanding such notice, waiver or modification of any term or condition shall occur only if agreed in writing by District.

22. **Future Services**: Contractor, Contractor's parent company, Contractors' subsidiaries, and/or any affiliated entity sharing substantially similar ownership of or control with Contractor must not submit a proposal: (i) for any contract to be awarded for any project that is related to the services provided pursuant to this Agreement; (ii) in response to any request for proposal or District solicitation developed or prepared by or with the assistance of Contractor, Contractor's parent company, Contractor's subsidiaries, or any affiliated entity sharing substantially similar ownership of or control with Contractor; or (iii) for any single or sole source products/services related to the Services pursuant to this Agreement, or have a financial stake in any single or sole source products/services resulting from this Agreement.
